The Concept

A catalyst is an agent that provokes or speeds up significant change or action.

For a long time, you waited for a catalyst from the outside. A savior. A miracle. A disaster. But the truth is, **you are the catalyst**. You are the active ingredient in your own life.

The Final Truth

No one is coming to save you.
And that is the best news in the world.
Because it means you can save yourself.

- I do not seek to be right. I seek to be free.
- I am responsible for my own healing.
